

INSTITUTE OF GRADUATE STUDIES

RE-REGISTRATION AND COURSE SELECTION GUIDE

Academic Year 2024-2025
Autumn Term

PLEASE NOTE THAT YOU ARE REQUIRED TO COMPLETE THE COURSE SELECTION PROCESS IN ORDER TO BE CONSIDERED RE-REGISTERED FOR THE NEW TERM.

**Autumn Term Begins
on 30.09.2024**

**Course Enrolments Begin on
23.09.2024**

**Course Enrolments End on
27.09.2024**

- Master's and PhD degree students must select courses each term from their first term until graduation.
- Once you have paid your tuition fee, you must select courses on the Student Information System (www.ois.topkapi.edu.tr) between the dates of **23.09.2024** and **27.09.2024**
- If you are currently undertaking your thesis or project research,
 - Select Tez Dersi I (Thesis Course) (applies to students enrolled in thesis-based programmes),
 - Select Dönem Projesi (Term Project) course (applies to students enrolled in non-thesis programmes).
 - **If you fail to select these courses, you will not be allowed to defend your thesis or submit your project.**
- According to your curriculum;
 - After selecting your courses, you must submit them for advisor approval. Your courses must be approved by your academic advisor.
 - In the event that your advisor does not approve your selection of courses, you will be considered non-enrolled and your student status will be passivated.
- In case your selection of courses is not approved by your advisor, you must contact him or her via OIS or by other means to obtain approval and fully complete your re-registration.
- If you have applied for being granted exemption from attending courses you have previously taken at another institution and your application has been approved, your exemption status will be displayed on the system once the Graduate School Board makes its decision. So, make sure you can view your exemption request approved on the system before selecting courses.

- If you fail to re-register within the deadline set in the academic calendar for course enrolment and course add/drop, you will not be allowed to attend classes and exams, nor will you be allowed to benefit from your student privileges. The amount of time during which you miss your classes and exams will be counted towards the duration required to complete your studies.
- If you are enrolled in a non-thesis programme, you are allowed a maximum period of three terms to complete your studies and obtain your degree. In the event that you fail to meet the graduation requirements within the specified period, your enrolment in the University will be rescinded, nor will you be allowed to extend the duration of your studies, or delay your graduation.
- If you are enrolled in a thesis-based programme, you are allowed a maximum period of four terms to pass your theoretical courses and seminar courses and to obtain your degree. In the event of failure to fulfil the graduation requirements, you will not be allowed to undertake your thesis and your registration will be terminated. Even if you have passed your theoretical courses and seminar courses by the end of four terms yet failed to defend your thesis, the duration of your study will extend into the fifth and sixth terms. In this case, you will have to re-register to continue to undertake your thesis.
- A non-thesis master's degree curriculum consists of at least 90 ECTS credits, a thesis-based master's degree curriculum consists of at least 120 ECTS credits, and a PhD curriculum consists of at least 240 ECTS credits.
- You can check the curriculum and which courses have been completed or not on the Student Information System's **slots** page.
- In programmes which curriculum was changed, there may be differences in courses that students will take depending on their previous GPA. In slots page, you can check whether the minimum ECTS sum of your curriculum meets the requirements stated above.
- On the OIS' course selection page, you can view the **Courses You Have Not Previously Taken, Courses You Can Repeat, and Courses You Are Required to Repeat**.
- **Courses You Have Not Taken Before** are the courses you need to take during the term.
- **Courses You Are Required to Repeat** are the courses you must retake because you had a CC or FF in them (if you have enrolled before 2022), and CB grade in your doctoral courses. The new grading system has been in use since academic year 2022-2023.
- The letter P you see on your **transcript** means the course you have selected.

ADD/DROP WEEK

Add/drop week will begin on 07.10.2024 and end on 11.10.2024. You need to go the Student Information System to enrol in courses.

Accordingly;

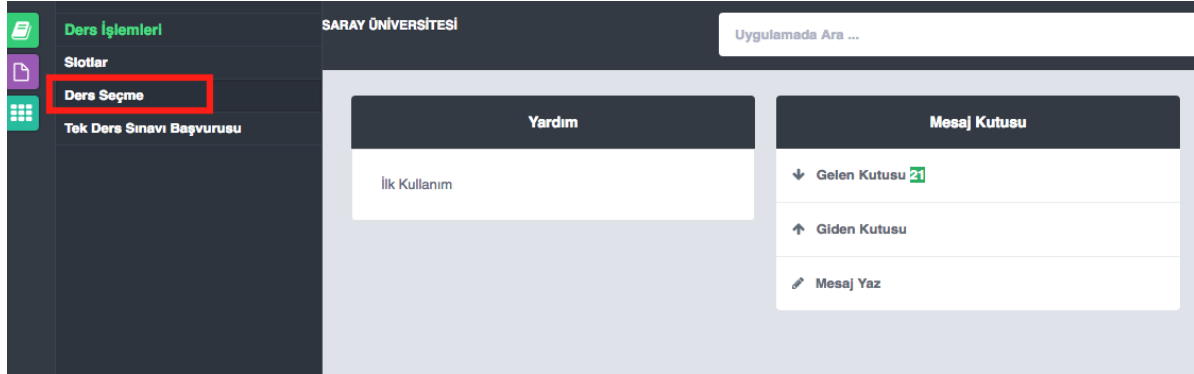

- To add or drop courses, you need to log in to the OIS and submit your choices to advisor approval.
- The courses you will have selected must be approved by your advisor.
- In case your selection is not approved by your advisor, you must meet with him or her in person to obtain approval and fully complete your re-registration.
- Please be reminded that the courses you add or drop and other course enrolments must be approved by you and your advisor before the deadline, otherwise you will lose your student privileges and your status as active student.

Course Selection Steps on OIS

How to log in

Go to www.ois.topkapi.edu.tr and type your username (your student number) and your password (your Turkish identification number).

1) Go to Ders Seçme (Course Selection) screen on the OIS.

2) After selecting your courses, submit them for advisor approval.

Seçtiğiniz Dersler							Yerine Sayılacak Dersler					
Ders Kodu	Ders Adı	Kredi	AKTS	Slot Dönemi	Grup	Öğretim Türü	Dil	Ders Kodu	Ders Adı	Ders Notu	Ders Alan Öğrenci Sayısı	Ders Sil
OGDG.101	Akademik ve Sosyal Oryantasyon	0	2	1	1	Edexcel					89	Ders Sil
GÖR1005	Sanat ve Tasarım Kuramları	3	5	1	1	Örgün					32	Ders Sil
